## ECO-RESPONSIBLE DEVELOPER

The GreenRE logo has been the hallmark symbol for buildings and townships nationwide that encourages sustainable living for residents and developer.

At EXSIM, every venture we take utilised technology in an intelligent and organic manner for the advancement of mankind.

We are also equally intensifying our efforts to create buildings with a specific character which exemplify innovative green features.

The boldness implied by "Vivid" reflects a fearless and forward-thinking attitude. It speaks to a willingness to embrace creativity, which is integral to the vision of translating natural elements and bright colors into the spaces. The name reinforces the idea that the building's design is inspired by the untamed beauty of nature, which is reflected in the EXSIM's palette of life.

# COLOUR HARMONY AND NATURAL BEAUTY

Inspired by the philosophy of "Colores", a holistic healing concept that uses colour to balance our physical, emotional, and wellness health, The Vividz @ Bukit Jalil aims to offer a transformative experience for its residents. Our goal is to foster a complete state of harmony with themselves and their environment.

The term "Vivid" directly reflects the project's focus on vibrant, dynamic colors. It signifies the use of bright and lively hues to enhance the living environment, aligning with the concept of "Colores" and the power of color in creating a wellness-oriented space. "Vivid" also suggests an energetic and passionate approach to life. Conveying a sense of joy, enthusiasm, and a deep appreciation for living fully and colorfully.

The Vividz @ Bukit Jalil features a residential complex of two 57-storey towers with 1,138 private homes. Our property takes full advantage of its central location and idyllic natural surroundings to create spaces that are beneficial for your well-being.
